

# Viewing & saving pictures from PuckPicts.Com

Pictures in PuckPicts.Com are displayed in pages like those below. The main, or preview, page displays several thumbnails of photos and a larger preview window displaying the currently selected thumbnail. Clicking on the picture in the preview window will open a new page displaying the full size picture scaled to the window size. To download a full size picture file, right-click either the preview or the full size picture and select **Save Target As...** to save the file to your PC.

Preview Thumbnails: click these to display them in the preview window.

Preview Window

Navigation

The screenshot shows a web browser window with the address bar containing 'Fair-Creek vs Austin'. The page features the ISHL logo and a title 'Fair-Creek vs Austin'. Below the title is a grid of six small image thumbnails, each with a filename (e.g., IMG\_0936495ea) and a timestamp. A larger 'Preview Window' is open, showing a hockey game in progress. Navigation links 'Previous | Home | Next' are visible above the preview window. Below the preview window, there is a section for 'Picture Information' including 'Caption', 'Image Properties', 'Model', 'Aperture value', 'Shutter speed value', and 'ISO speed ratings'. At the bottom of the page, there is a footer with a copyright notice: 'Images with ea in the file name have been digitally exposure adjusted for color and contrast. Copyright 2009, PuckPicts.Com'. Green arrows point from the text labels to the corresponding elements on the page.
